

A Fresh Take On Corporate Payments

Modernize your payments processes with innovative and integrated solutions built specifically for small and medium-sized enterprises.

Merchant Services To Streamline Your Business

Accelerate your growth with powerful, versatile, and omni-channel payment solutions. The NextTier Merchant Services Program removes the complexity from B2B payments, keeping money moving and business booming.

NextTier Bank offers merchant services powered by Pineapple Payments, a Pittsburgh-based payments technology company, to ensure accepting payments for your business is simple, secure, and affordable.

- Secure Payment Acceptance
- Seamless Transaction Management
- Cost Savings + Transparent Pricing

Business Benefits

- **Flexible Payments:** Accept ACH, Credit, Debit, even gift cards, and receive fast funding for all the ways your customers pay.
- **Optimized Rates:** See immediate savings. Our interchange optimization technology passes through Level II/III data, lowering processing rates automatically.
- **Payment Platform:** One powerful platform is all you need to enable online payments with Hosted Payment Pages, electronic invoicing, recurring billing, and a virtual terminal.
- **Enterprise Integrations:** One simple integration is all you need to seamlessly add secure payment acceptance to any ERP, CRM, accounting, or custom business system.
- **Transaction Reporting:** Access full transaction lifecycle reports, from initiation to instant reconciliation, and manage payments in real-time.
- **Leading Security:** Secure your business and customer data with PCI-Certified security solutions that increase your protection and reduce your scope of risk.
