

Payment Solutions For The Public Sector

Overcome barriers to collecting payments.
Built for government agencies and municipalities,
making payments easier for everyone.

Merchant Services To Streamline Your Organization

Improve operational efficiency with an omni-channel payments solution. The NexTier Merchant Services Program streamlines your payments processes, enabling simplicity without compromising security.

NexTier Bank offers merchant services powered by Pineapple Payments, a Pittsburgh-based payments technology company, to ensure accepting payments for your business is simple, secure, and affordable.

- Secure Payment Acceptance
- Seamless Transaction Management
- Cost Savings + Transparent Pricing

Business Benefits

- **Flexible Payments:** Everything you need to accept ACH, Credit, and Debit cards in the office or online. Make it easier for your citizens to pay on time - get funded as early as the next day.
- **Service Fees:** Reduce processing costs and offset the added expense of accepting credit card payments with Service Fee programs and Convenience Fee support.
- **Leading Security:** Increase your security and reduce your scope of risk. EMV, encryption, and tokenization - we meet all PCI requirements to keep payment data safe.
- **Online Payments:** Use Hosted Payment Pages, electronic invoicing, and autopay to enable self-service payments and alleviate administrative burden.
- **Integrated Solutions:** Collect from any source, connect to one platform. A suite of EMV enabled terminals and business integrations offer greater functionality and flexibility.
- **Transaction Reporting:** Access full transaction lifecycle reports, from initiation to instant reconciliation, and manage payments in real-time.
