

Start and grow your business with Clover Essentials

Simple. Affordable. Flexible.

Clover Essentials is an all-in-one solution that allows businesses to take credit and debit card payments without a traditional Point-of-Sale (POS) device. With Clover Essentials, you can take card payments through a web browser, integrate payments to your website and manage your business through a single dashboard application. Clover Essentials is flexible to support different types of businesses and allows you to add additional features and devices when you need them.

Get started quickly

Simply sign up for a monthly subscription plan.

Accept payments without a device

Take card payments over the phone or by mail through a web browser. Integrate payments to your website. Use the Clover Go app to take mobile payments, or add the Clover Go card reader to take in-person payments.

Run the business

Manage your business from anywhere through a single dashboard on the web or your mobile device.

Grow the business

With customer engagement programs, gift cards and insightful reports, Clover gives you the tools to recognize loyal fans, bring in new customers and identify new business opportunities.

Clover Essentials includes everything you need to start taking payments:

- **Clover Virtual Terminal** – Key in customer card information securely through a web browser
- **eCommerce integrations** – Expand your business online with our pre-built integration with BigCommerce eCommerce platform or use our developer tools to build your own custom integrations
- **Clover Dashboard** – Manage your physical and online businesses through a single application on the web or your mobile device
- **Business management tools** – Track orders and inventory, manage employees and engage your customers with our built-in tools
- **Mobile payments** – Use the free Clover Go app to take payments on your phone or tablet. Add an optional card reader for card insert or tap

Accept payments over the phone, by mail or on your website.

For businesses that take card payments over the phone or by mail, are primarily online or just starting, Clover Essentials is a simple, affordable payments solution that grows with your business.

Take card payments over the phone, automatically with scheduled payments, email an invoice or text a link to request payment.

Accept card payments on your website by integrating with your eCommerce shopping cart or adding a hosted checkout experience.

Need to take mobile payments? Use the free Clover Go app to take payments on your phone or tablet. Add an optional card reader for card insert or tap.

Grow with Clover. Add a POS device when you need it.
